

TWI Canada is pleased to announce that Danny Mekhuri has joined us as of September 5th

With over 18 years in the industry, Danny is well known and respected in both the Canadian and International markets. His knowledge and expertise will be a worthy contribution to our continued success as a world leader in tradeshow logistics. We are excited to have him on our team.

Danny states: "After 18 years of domestic and international tradeshow experience, I am pleased to join an industry leader in TWI Group. Service and delivery have always been my number one goal for my clients. Once I met Greg Keh and Sandi Trotter, I knew TWI would be the best fit for me."

TWI has now served the trade show and event industry longer than any company in our field. Using the same traits instilled in TWI by our founder, TWI continues to provide trade show and event shipping with on-time delivery, and excellent customer focused "first class service" on which TWI was founded.
